## Directors' Statement

For the financial year ended March 31, 2020

The directors present this statement to the members together with the audited financial statements of the Company for the financial year ended March 31, 2020.

### 1 Directors

The directors in office at the date of this statement are:-

Kavitha Pandian

Sajjan Bhajanka

Sanjay Agarwal

Ratan Rajkhowa

### 2 Arrangements to enable directors to acquire shares and debentures

Neither during nor at the end of the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the directors of the Company to acquire benefits through the acquisition of shares in, or debentures of the Company or any other body corporate.

### 3 Directors' interest in shares and debentures

The directors holding office at the end of the financial year had no interests in shares, debentures, warrants or share options of the Company as recorded in the Register of Directors' Shareholding kept by the Company under Section 164 of the Singapore Companies Act, except as follows:

<u>Name of directors</u>	<u>At beginning of year</u>	<u>At end of year</u>
<i>Number of ordinary shares</i>		
Ajay Bhagat (Resigned on 22.11.2019)	48,001	48,001
Pham Ngoc Mai (Resigned on 22.11.2019)	48,001	48,001

### 4 Share options

During the financial year, there were:

- (i) no options granted by the Company to any person to take up unissued shares of the Company; and
- (ii) no shares issued by virtue of any exercise of option to take up unissued shares of the Company.

As at the end of the financial year, there were no unissued shares of the Company under option.

**Century Ply (Singapore) Pte. Ltd.**  
**Directors' Statement**

*For the financial year ended March 31, 2020*

**5 Auditors**

The auditors, Natarajan & Swaminathan, have expressed their willingness to accept re-appointment.

**6 Directors' opinion**

In the opinion of the directors,

- a) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at March 31, 2020 and the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date in accordance with the provisions of the Singapore Companies Act, Cap. 50 and Financial Reporting Standards in Singapore; and
- b) at the date of this statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

On behalf of the board of directors

INDEPENDENT AUDITORS' REPORT  
TO THE SHAREHOLDERS OF CENTURY PLY (SINGAPORE) PTE. LTD.  
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020  
(Incorporated in the Republic of Singapore)

---

**Report on the Audit of the Financial Statements**

**Opinion**

We have audited the financial statements of CENTURY PLY (SINGAPORE) PTE. LTD.(the "Company"), which comprise the statement of financial position of the Company as at March 31, 2020, and the statement of comprehensive income, statement of changes in equity and statement of cash flows of the Company for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the "Act") and Financial Reporting Standards in Singapore (FRS) so as to give a true and fair view of the financial position of the Company as at March 31, 2020 and of the financial performance, changes in equity and cash flows of the Company for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing (SSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Emphasis of Matter**

As disclosed in Note 4 to the financial statements, the Company has investments in overseas subsidiaries amounting to US\$328,644 and as stated in Note 6 to the financial statements the company has advance for purchases made to these subsidiaries amounting to US\$4,885,496. The subsidiaries are having operative assets relating to plywood and veneer manufacturing. Management is taking steps to restart the operations failing which it would dispose these assets held by the subsidiaries in order to realise the carrying cost of the investment and recover the advances made. This is dependent on several external factors. Our opinion is not modified in respect of this matter.

**Other Information**

Management is responsible for the other information. The other information comprises the Directors' Statement set out on pages 1 to 2.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITORS' REPORT  
TO THE SHAREHOLDERS OF CENTURY PLY (SINGAPORE) PTE. LTD.  
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020  
*(Incorporated in the Republic of Singapore)*

---

Other Information *(Cont'd)*

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRS, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSA, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITORS' REPORT  
TO THE SHAREHOLDERS OF CENTURY PLY (SINGAPORE) PTE. LTD.  
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2020  
*(Incorporated in the Republic of Singapore)*

---

**Auditors' Responsibilities for the Audit of the Financial Statements *(Cont'd)***

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

### 1 Corporate information

The Company (Registration No. 201435887H) is a private limited Company incorporated and domiciled in Singapore.

The registered office and principal place of business is at 291 Choa Chu Kang Avenue 3, #05-204 Singapore 680291.

The principal activities of the Company are to engage in timber trading, manufacturing and trading in plywood and all wood products and materials, and also leasing of machineries and equipments and providing related services.

There have been no significant changes in the nature of these activities during the financial year. However, the Company ceased to have trading activity since May 2018.

#### *Holding company*

The Company is a subsidiary of "Century Plyboards (India) Ltd.", a listed company incorporated in the Republic of India, which is also the ultimate holding company.

#### *Subsidiaries*

Refer Note 4 to the financial statements for details of the subsidiaries and their principal activities.

### 2 Significant accounting policies

#### a) Basis of preparation

The financial statements have been prepared in accordance with Financial Reporting Standards in Singapore ("FRS") as required by the Singapore Companies Act, Chapter 50. These financial statements are the separate financial statements of Century Ply (Singapore) Pte. Ltd. The Company is exempted from the preparation of consolidated financial statements as the Company is a subsidiary of Century Plyboards (India) Ltd., a listed company incorporated in India, which prepares consolidated financial statements available for public use. The registered office of Century Plyboards (India) Ltd. is as follows:

P - 15/1, Taratala Road, Kolkata - 700088  
India - 700001

The financial statements are expressed in United States Dollar (US\$) and are prepared under the historical cost convention except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Company's accounting policies. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the financial year.

**2 Significant accounting policies (Cont'd)****a) Basis of preparation (Cont'd)**

These estimates and assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances (refer Note 2(b) to the financial statements).

The Company adopted the new or revised FRS that is mandatory for application on that date. This includes the following FRS, which are relevant to the Company as a single entity:

FRS 28	(Amendments)	: Long-term Interests in Associates and Joint Ventures
FRS 109	(Amendments)	: Prepayment Features with Negative Compensation
FRS 116		: Leases

*Improvements to FRSs**Annual Improvements to FRS*

FRS 12	(Amendments)	: Income Taxes
FRS 23	(Amendments)	: Borrowing Costs
FRS 103	(Amendments)	: Business Combinations
FRS 111	(Amendments)	: Joint Arrangements

The adoption of these does not result in any significant changes to the Company's accounting policies or have any significant impact on the financial statements.

**b) Critical judgements in applying the entity's accounting policies**

In the process of applying the entity's accounting policies, management is of opinion that there are no critical judgements (other than those involving estimates) that have significant effect on the amounts recognised in the financial statements.

*Key sources of estimation uncertainty*

The key assumptions concerning the future, and other key sources of estimation uncertainty at the statement of financial position date, that have significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

Depreciation

The Company depreciates the plant and equipment over their estimated useful lives, after taking into account their estimated residual values, if any, using the straight-line method. The estimated useful life reflects the directors' estimate of the periods that the Company intends to derive future economic benefits from the use of the Company's plant and equipment. The residual values reflect the directors' estimated amount that the Company would currently obtain from disposal of the asset, after deducting the estimated costs of disposal, if the assets were already of the age in the condition expected at the end of its useful life.

**2 Significant accounting policies (Cont'd)****b) Critical judgements in applying the entity's accounting policies**Investment in subsidiaries

Investment in subsidiaries are stated at cost less impairment loss, if any. In determining if there is any impairment, the management evaluates the market and economic environment in which the entities operates, the economic performance, the forecasted results, the net assets values, and the operating cash flow of these entities. The evaluation of these factors involves a significant degree of management judgment.

Provision for expected credit losses of other receivables

The Company uses a provision matrix to calculate Expected Credit Losses (ECLs) for other receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

**c) Foreign currency transactions***(i) Functional currency*

The functional and measurement currency of the Company is the United States Dollar, being the currency in which the Company mainly transacts its sales and purchases.

*(ii) Transactions and balances*

Foreign currency transactions are translated into the respective functional currencies using the exchange rates prevailing at the dates of transactions. Foreign currency monetary assets and liabilities are translated into the respective functional currencies at the exchange rates prevailing at the statements of financial position date. Foreign exchange gains and losses resulting from the settlement of foreign currency transactions and from the translation of foreign currency denominated assets and liabilities are recognised in the profit or loss.

Currency translation differences on non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non-monetary items are measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income or profit or loss are also recognised in other comprehensive income or profit or loss, respectively).

**2 Significant accounting policies (Cont'd)****d) Plant and equipment**

Plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any. The cost of an asset comprises its purchase price and any directly attributable costs of bringing the asset to working condition for its intended use. Expenditure for additions, improvements and renewals are capitalised and expenditure for maintenance and repairs are charged to the profit or loss. When assets are sold or retired, their cost and accumulated depreciation and impairment loss are removed from the financial statements and any gain or loss resulting from their disposal is included in the profit or loss.

**e) Depreciation of plant and equipment**

Plant and equipment are calculated on a straight-line method to write off the cost of the plant and equipment over their estimated useful lives at the following annual rates:

Office equipment	-	5 years
Machinery & equipment	-	5 years
Computers & peripherals	-	3 years

Fully depreciated assets still in use are retained in the financial statements.

**f) Investment in subsidiaries**

Subsidiaries are investees that are controlled by the Company. The Company controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Investments in the subsidiaries are carried at cost less accumulated impairment losses, if any. On disposal of investments in subsidiaries, the differences between disposal proceeds and the carrying amounts of the investments are recognised in the profit or loss.

**g) Impairment of non-financial assets**

At each statement of financial position date, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the greater of net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

# Century Ply (Singapore) Pte. Ltd.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

### 2 Significant accounting policies (Cont'd)

#### g) Impairment of non-financial assets (Cont'd)

When an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of impairment loss is recognised immediately in profit or loss unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

#### h) Financial instruments

Financial instruments comprise financial assets and financial liabilities. A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

##### (i) Financial assets

###### *Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss (FVPL).

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Company has applied the practical expedient, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables do not contain a significant financing component or for which the Company has applied the practical expedient are measured at the transaction price determined per the Company's revenue recognition policy.

Financial assets that are classified and measured at amortised cost or fair value through OCI, are financial assets that give rise to cash flows that are "solely payments of principal and interest (SPPI)" on the principal amount outstanding. The assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

**2 Significant accounting policies (Cont'd)**

**h) Financial instruments (Cont'd)**

**(i) Financial assets**

*Subsequent measurement*

For the purposes of subsequent measurement, financial assets are classified in four categories:-

- Financial assets at amortised cost
- Financial assets at fair value through OCI with recycling of cumulative gains and losses ("FVOCI")
- Financial assets elected at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

The Company's relevant financial assets category are financial assets at amortised cost.

Financial assets at amortised cost

The Company measures financial assets at amortised cost if both of the following conditions are met:-

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired. For short-term receivables the nominal cost approximates the fair value.

The Company's financial assets at amortised cost includes other receivables and cash and bank balances.

*Derecognition*

A financial asset is derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset or has entered into a "pass-through" arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

**2 Significant accounting policies (Cont'd)****h) Financial instruments (Cont'd)****(i) Financial assets (Cont'd)***Derecognition (Cont'd)*

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

*Impairment of financial assets*

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade and other receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment which could affect debtors' ability to pay.

The Company makes judgmental assessment for financial asset in default when contractual payments are past due. The Company considers a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### 2 Significant accounting policies (Cont'd)

#### h) Financial instruments (Cont'd)

##### (ii) Financial liabilities

###### *Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. For short term payables the nominal costs approximate the fair value.

The Company's financial liabilities include other payables and accruals.

###### *Subsequent measurement*

The measurement of financial liabilities depends on their classification.

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

###### *Derecognition*

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires when an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

#### i) Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents comprise cash at bank.

#### j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. Where the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### 2 Significant accounting policies (Cont'd)

#### k) Revenue recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties and based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

During the financial year, the Company was not engaged in any trading activities.

The Company is engaged in wholesale trading of plywoods, veneer and wood products. Revenue is recognised when goods are delivered to the customer and all criteria for acceptance have been satisfied. No volume discount is given by the Company.

The amount of revenue recognised is based on the transaction price, which comprises the contractual price and discounted for expected returns. Based on Company's experience variable consideration (right to returns) is typically constrained and is concluded in the transaction only to the extent that is highly probable that is significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

#### l) Other income

The other income is recognised on the following basis:

##### *Grants*

Grants are recognised on receipt basis.

#### m) Employee benefits

##### *Retirement benefit costs*

As required by law, the Company makes contributions to the Central Provident Fund (CPF), a defined contribution plan regulated and managed by the Government of Singapore. CPF contributions are recognised as expense in the same year to which the contribution relates.

Employee entitlements to annual leave are recognised when they accrue to the employees. An accrual is made for the estimated liability for annual leave as a result of services rendered by the employees up to the statement of financial position date.

A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

# Century Ply (Singapore) Pte. Ltd.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

### 2 Significant accounting policies (Cont'd)

#### m) Employee benefits (Cont'd)

##### *Key management personnel*

Directors and certain managers that have the authority and responsibility for planning, directing and controlling the activities of the Company are considered key management personnel.

#### n) Finance costs

Interest expense and similar charges are expensed in the profit or loss in the year in which they are incurred.

#### o) Income tax

Income tax expense represents the sum of tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or tax deductible. The Company's liability for current tax is calculated using statutory tax rate at the statement of financial position date.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each statement of financial position date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the year when the liability is settled or the asset, realised. Deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt, within equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on net basis.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

### 4 Investment in subsidiaries (Cont'd)

Name of subsidiaries	Country of incorporation and place of business	Principal activities	Percentage of equity held		Cost	
			2020	2019	2020	2019
			%	%	US\$	US\$
Century Huesoulin Plywood Lao Co, Ltd (*)	Laos	Plywood and Veneer manufacturing	51	51	297,000	297,000
					<u>328,644</u>	<u>328,644</u>

(\*) Audited by other firm of auditors.

The subsidiaries have incurred losses and are in capital deficiency as per the last audited financial statements for the year ended March 31, 2020. The subsidiaries were mainly engaged in operations to supply veneer and plywood to the Company. They had to cease operations as the local laws banned export of veneer. The subsidiaries' significant asset comprises of plant equipment and inventories which are in good condition and can be used for operations. Their main liability is advances received from the company.

Management is currently in negotiations with a local operator to restart the operations in both the subsidiaries which is delayed due to the present Covid-19 situation. Further, Independent valuation of the assets has been obtained which indicates that the realisable value of these assets are significantly higher than their book value. Management is confident that the operations would restart once the covid-19 pandemic is under control, failing which assets can be realised to recover the cost of investment and advance for purchases (refer Note 6 to the financial statements). Thus the management is of the view that there is no impairment loss on the carrying value of the investments in subsidiary.

### 5 Other receivables

	2020	2019
	US\$	US\$
Deposit	<u>748</u>	<u>1,599</u>

The other receivables that are not denominated in United States Dollar are as follows:-

	US\$	US\$
Singapore Dollar	<u>748</u>	<u>1,599</u>

### 6 Advance for purchases

	2020	2019
	US\$	US\$
Subsidiaries	10,844,450	10,825,450
Less: Allowance for doubtful debts		
- At beginning of year	-	-
- Charge for the year	5,958,954	-
- At end of year	<u>5,958,954</u>	<u>-</u>
	<u>4,885,496</u>	<u>10,825,450</u>

# Century Ply (Singapore) Pte. Ltd.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

### 6 Advance for purchases (Cont'd)

The Company has advanced to two of its subsidiaries in prior years in Laos to facilitate import purchase of timber related products from Laos. However due to Government regulations imposed, the export has been temporarily ceased from Laos. The Company is taking steps to make fresh applications with Laos administration and negotiate. If the subsidiary is unable to offset against future shipments or repay the amounts advanced, the holding company has given a letter of guarantee for repayment.

### 7 Cash at banks

The cash at banks that are not denominated in United States Dollar are as follows:-

	2020	2019
	US\$	US\$
Singapore Dollar	3,251	2,126

### 8 Share capital

	2020 No. of shares issued	2020 US\$	2019 No. of shares issued	2019 US\$
Ordinary shares issued and fully paid				
Balance at beginning of year	6,585,929	6,585,929	5,445,929	5,445,929
Shares issued	5,005,000	5,005,000	1,140,000	1,140,000
Balance at end of year	11,590,929	11,590,929	6,585,929	6,585,929

During the financial year, the Company had issued 5,005,000 shares for a total cash consideration of US\$5,005,000 to provide for working capital.

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restriction and have no par value.

### 9 Deferred tax liabilities

The movements in deferred tax (assets)/liabilities are as follows:-

	Accelerated tax depreciation	Unutilised Capital allowance and business loss	Total
	US\$	US\$	US\$
At April 1, 2018	326,570	(35,310)	291,260
Credit to profit or loss	(74,602)	(78,488)	(153,090)
Effect on exchange differences	-	(1,867)	(1,867)
At March 31, 2019	251,968	(115,665)	136,303
(Credit)/Charge to profit or loss	(236,824)	115,665	(121,159)
At March 31, 2020	15,144	-	15,144

As at end of the financial year, the Company had unutilised capital allowances and unutilized business loss of approximately US\$304,500 (2019:US\$516,000) and US\$220,500 (2019:US\$167,490) respectively available for set off against future taxable profits, subject to compliance with Section 37 of the Income Tax Act, Cap.134 and agreement by the Comptroller of Income Tax.

Deferred tax assets of US\$81,540 arising from unutilised capital allowance and business losses is not recognised in the financial statements as future taxable profits cannot be reasonably ascertained.

# Century Ply (Singapore) Pte. Ltd.

Prior year under provision of deferred tax	65,138	-
Other items	-	(266)
Income tax credit for the financial year	(121,159)	(154,957)

### 17 Holding company and related party transactions

Some of the Company's transactions and arrangement are with the holding company and related party and the effect of these on the basis determined between the parties is reflected in these financial statements. The balances with these parties are unsecured, interest free and repayable on demand unless otherwise stated.

During the financial year, the Company entered into the following transactions:

	<u>2020</u>	<u>2019</u>
	US\$	US\$
<i>Holding company</i>		
Sales	-	788,620
Commission on corporate guarantee	-	95,507
<i>Related party</i>		
Commission paid to director	4,371	-

### 18 Financial instruments, financial and capital risk management

#### (a) Categories of financial instruments

The following table sets out the financial instruments as at the statement of financial position date:

	<u>2020</u>	<u>2019</u>
	US\$	US\$
Financial assets		
Amortised cost:		
- Other receivables	748	1,599
- Cash at banks	4,806	8,731
Total financial assets	5,554	10,330

### 18 Financial instruments, financial and capital risk management (Cont'd)

#### (a) Categories of financial instruments (Cont'd)

	<u>2020</u>	<u>2019</u>
	US\$	US\$
Financial liabilities		
Amortised cost:		
- Other payables and accruals	7,390	233,570
Total financial liabilities	<u>7,390</u>	<u>233,570</u>

#### (c) Fair value measurements

##### Fair value hierarchy

The assets and liabilities measured at fair value are classified by the following level of fair value measurement hierarchy:

- (i) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (ii) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (iii) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

There are no financial assets measured at fair value.

##### Assets and liabilities not measured at fair value

##### *Other receivables, cash at banks and other payables*

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

#### (c) Financial risk management

The Company's activities expose it to a variety of financial risks from its operations. The key financial risks include liquidity risk, credit risk and market risk (including interest rate risk, foreign currency risk and price risk).

The directors review and agree policies and procedures for the management of these risks, which are executed by the management team. It is, and has been throughout the current and previous financial year, the Company's policy that no trading in derivatives for speculative purposes shall be undertaken.

The following sections provide details regarding the Company's exposure to the abovementioned financial risks and the objectives, policies and processes for the management of these risks.

# Century Ply (Singapore) Pte. Ltd.

## Notes to the Financial Statements

For the financial year ended March 31, 2020

### 18 Financial instruments, financial and capital risk management (Cont'd)

#### (c) Financial risk management (Cont'd)

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

#### Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company has no significant liquidity risk as it maintains a level of cash at banks that is sufficient for working capital purpose.

The table below analyses the maturity profile of the Company's financial liabilities based on contractual undiscounted cash flows.

	Carrying amount	Cash flows		
		Contractual cash flow	Less than 1 year	Within 2 to 5 years
	US\$	US\$	US\$	US\$

<b>Total net undiscounted financial liabilities</b>	<b>(223,240)</b>	<b>(223,240)</b>	<b>(223,240)</b>	<b>-</b>

**18 Financial instruments, financial and capital risk management (Cont'd)****(c) Financial risk management (Cont'd)***Credit risk*

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss of the Company. The Company has adopted a policy of only dealing with creditworthy counterparties.

The Company has no significant concentration of credit risk in relation to certain external customers.

Expected credit loss ("ECL") assessment

- Other receivables

The other receivables comprise only of its deposit. The Company assessed the nature of receivable, the financial position of the counterparties and the economic conditions and concluded that there has been no significant increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Company does not consider allowance for ECL as necessary.

Cash at banks are placed with credit worthy financial institutions.

The carrying amount of the Company's other receivables and cash at banks represent the Company's maximum exposure to credit risk. No other financial assets carry a significant exposure to credit risk.

*Interest rate risk*

The Company has no significant exposure to market risk for changes in interest rates because it has no interest-bearing borrowings with variable interest rates from any external sources.

*Foreign currency risk*

As at financial year end, the carrying value of the monetary assets and liabilities denominated in currencies other than in United States Dollar are disclosed in the respective notes to the financial statements. Any fluctuations in the foreign currencies against the United States Dollar will have no or very minimal impact on the financial results of the Company.

*Price risk*

The Company has no significant exposure to price risk.

**(d) Capital risk management**

The management considers the capital of the Company to mainly consist of shareholders equity.

The management manages the capital to ensure the Company will be able to continue as a going concern while maximising the return to shareholders through optimisation of the capital.

The management's overall strategy remains unchanged from 2019.

# Century Ply (Singapore) Pte. Ltd.

## Notes to the Financial Statements

*For the financial year ended March 31, 2020*

### 19 New accounting standards and FRS interpretations

At the date of authorisation of these financial statements, the following FRS and INT FRS that are relevant to the Company were issued and not effective:

		Effective from annual periods beginning on or after
FRS 1/FRS 8	(Amendments) : Definition of Material	January 1, 2020
FRS 103	(Amendments) : Definition of a Business	January 1, 2020
FRS 109/FRS 39/ FRS 107	(Amendments) : Interest Rate Benchmark Reform	January 1, 2020

The management anticipates that the adoption of the above FRS and INT FRS does not result in any significant changes to the Company's accounting policies or have any significant impact on the financial statements of the Company.

### 20 Authorisation of financial statements

These financial statements were authorised for issue in accordance with a resolution of the directors on June 19, 2020.
